**No More Fake Reading** Berit Gordon 2017-07-07 For middle- and high-school teachers, it's

one of today's most vexing problems: How do you motivate students with varied interests and little appetite for classic literature to stop faking their way through texts and start advancing as skilled, engaged readers? Independent reading is an important part of the answer, but it's just that — a part of the whole. In this groundbreaking book, Berit Gordon offers the complete solution, a blended model that combines the benefits of classic literature with the motivational power of choice reading. With the blended model, teachers lead close examinations of key passages from classic texts, guiding students to an understanding of important reading strategies they can transfer to their choice books. Teachers gain a platform for demonstrating the critical reading skills students so urgently require, and students thrive on reading what they want to read. In this research-backed book, Gordon leads you step by step to classroom success with the blended model, showing: The basics of

getting your classroom library up and running How to build a blended curriculum for both fiction and non-fiction units, keeping relevant standards in mind Tips and resources to help with day-to-day planning Ideas for selecting class novel passages that provide essential cultural capital and bolster students' reading skills Strategies for bringing talk into your blended reading classroom How to reach the crucial learning goal of transfer A practical, user-friendly approach for assessing each student's progress No More Fake Reading gives you all the tools you need to put the blended model to work for your students and transform your classroom into a vibrant reading environment. Berit Gordon coaches teachers as they nurture lifelong readers and writers. Her path as an educator began in the classroom in the Dominican Republic before teaching in New York City public schools. She also taught at the Teachers College of Columbia University in English Education. She

currently works as a literacy consultant in grades 3-12 and lives in Maplewood, New Jersey with her husband and three children.

### Contagious Faith Study Guide plus Streaming Video

Mark Mittelberg 2021-12-28 This Study Guide includes: Individual access to 6 streaming video sessions Discussion and reflection questions with video notes

Personal study between sessions Leader's Guide In this new video-based training course, bestselling author and teacher Mark Mittelberg introduces you to the five Contagious Faith Styles—Friendship-Building, Selfless-Serving, Story-Sharing, Reason-Giving, and Truth-Telling—and helps you discover which of these approaches (or combination of them) will enable you to naturally share your faith in Jesus with the people around you. The Contagious Faith assessment will help you identify your primary style, along with any secondary styles you discover. It will give you next steps for developing and deploying your natural approach in order to reach others for Christ. It will also emphasize the importance of all the skill set areas discussed in the Contagious Faith book, and wherever natural it will prompt them to try out the skills discussed on the video with someone else in the group. In this way their effectiveness and confidence

will grow—and with it, their potential for bearing spiritual fruit by impacting the lives of others. The six sessions in *Contagious Faith* can be used in small groups, classes, student ministries, and church-wide campaigns. The training videos will also include short interviews in which Mark Mittelberg will interact with five individuals who speak and use each of the 5 faith-sharing styles. Much like Mittelberg's *Becoming a Contagious Christian*, we see the *Contagious Faith* book and course becoming the standard materials churches and Christian ministries will use around the world to help their members more effectively share their faith with others.

*Loveology Study Guide* John Mark Comer 2014-02-04 In the beginning, God created Adam. Then he made Eve. And ever since we've been picking up the pieces. Loveology is a theology of love from God's point of view. The five sessions start with God's design for marriage and works backward,

dealing with sexuality, romance, singleness, and what it means to be male and female. Pastor and writer John Mark Comer shares about what is right in male/female relationships—what God intended in the Garden. And about what is wrong—the fallout in a post-Eden world. The Loveology video-based Bible study (DVD/digital video sold separately) is for anyone who wants to learn what the Scriptures have to say about sexuality and relationships and for people who want to ask the why questions and get intelligent, grace-and-truth answers. As you walk through this five-week study, you will come to better understand what God fully intended back in the garden. By comprehending the brilliance behind God's original plan for love and marriage and sex and romance—if we can redefine that fuzzy, amorphous, confusing word “love” and look at it through the lens of Jesus—your marriages and relationships will be radically altered as a result. This study

guide contains video notes, individual or group reflection questions, and between session personal applications to enhance your journey through the video study. Sessions include: Love Marriage Sex Romance Singleness Designed for use with Loveology Video Study 9780310688389 (sold separately).

Satan is not out to get you to follow him; he's out to get you to ignore him. When we spiritually zone out, doze off, fall asleep, we are forgetting that we are in the middle of a war--and Satan loves it this way! He loves to convince people he doesn't exist. But Satan is real. He is an actual enemy of our soul. He is waging a real war against us. And we need to wake up and get in the fight. If we fail to do this, we do so at our own peril.
