two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their grandad - the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

Fallocaust Quil Carter
2014-07-09 Over two hundred and thirty years ago the Fallocaust happened, killing almost everything that lived and creating what is now known as the greywastes. A dead wasteland where cannibalism is a necessity, death your reality, and life before the radiation nothing but pictures in dog-eared magazines. Reaver is a greywaster, living in a small block controlled by a distant ruler said to have started the Fallocaust. He is a product of the savage world he was raised in and prides himself on being cold and cruel. Then someone new to his town catches his eye, someone different than everyone else. Without knowing why he starts to

silently stalk him, unaware of where it will lead him.

Introduction to Radar Using Python and

MATLAB Lee Andrew (Andy) Harrison 2019-10-31 This comprehensive resource provides readers with the

tools necessary to perform analysis of various waveforms for use in radar systems. It provides information about how to produce synthetic aperture (SAR) images by giving a tomographic formulation and implementation for SAR imaging. Tracking filter fundamentals, and each parameter associated with the filter and how each affects tracking performance are also presented. Various radar cross section measurement techniques are covered, along with waveform selection analysis through the study of the ambiguity function for each particular waveform from simple linear frequency modulation (LFM) waveforms to more complicated coded waveforms. The text includes the Python tool suite, which allows the reader to analyze and predict radar performance for various scenarios and applications. Also provided are MATLAB® scripts

corresponding to the Python tools. The software includes a user-friendly graphical user interface (GUI) that provides visualizations of the concepts being covered. Users have full access to both the Python and MATLAB source code to modify for their application. With examples using the tool suite are given at the end of each chapter, this text gives readers a clear understanding of how important target scattering is in areas of target detection, target tracking, pulse integration, and target discrimination.

Angelbound Special Edition
Christina Bauer 2018-10-16
Special Edition Includes Walker's Sketchbook and a Bonus Novella
Eighteen year old Myla Lewis is a girl who loves two things: kicking ass and kicking ass.

She's not your every day quasi-demon, part-demon and part-human, girl. For the past five years, Myla has lived for the days she gets to fight in Purgatory's arena. When souls want a trial by combat for their right to enter Heaven or Hell, they go up against her, and she hasn't lost a battle yet. But as she starts her senior year at Purgatory High, the arena fights aren't enough to keep her spirits up anymore. When the demons start to act weird, even for demons, and the King of the Demons, Armageddon, shows up at Myla's school, she knows that things are changing and it's not looking good for the quasi-demons. Myla starts to question everything, and doesn't like the answers she finds. What happened seventeen years ago that turned the quasi-demons into slave labor? Why was her mom always so sad? And why won't anyone tell her who her father is? Things heat up when Myla meets Lincoln, the High

Prince of the Thrax, a super sexy part-human and part-angel demon hunter. But what's a quasi-demon girl to do when she falls for a demon hunter? It's a good thing that Myla's not afraid of breaking a few rules. With a love worth fighting for, Myla's going to shake up Purgatory. "I'm virtually speechless when it comes to this novel. I have not found an author that I adore the writing style of this much since Jennifer L. Armentrout. The world that this author created was amazing." - Brittany's Book Reviews
