*Gandhi's Rise to Power* Judith M. Brown 1972 Dr Brown presents a political study of the first clearly defined period in Mahatma Gandhi's Indian career, from 1915 to 1922. The period began with Gandhi's return from South Africa as a stranger to Indian politics, witnessed his dramatic assertion of leadership in the Indian National Congress of 1920 and ended with his imprisonment by the British after the collapse of his all-India civil disobedience movement against the raj. Focusing on Gandhi, this book nevertheless investigates the changing nature of Indian politics. It aims to study precisely what Gandhi did, on whom he relied for support, how he interacted with other nationalist leaders and how he saw his own role in Indian public life. Unlike the usual interpretation of Gandhi's rise to power as based on a charismatic appeal to the Indian masses, this study argues that his influence depended on a capacity to generate a network of lesser leaders, or subcontractors, who would organise their constituencies for him, whether these were caste, communal or economic groups or whole areas.

From Charity to Social Work Elizabeth N. Agnew 2004 Mary E. Richmond (1861-1928) was a contemporary of Jane Addams and an influential

leader in the American charity organization movement. In this biography--the first in-depth study of Richmond's life and work--Elizabeth N. Agnew examines the contributions of this important, if hitherto under-valued, woman to the field of charity and to its development into professional social work. Orphaned at a young age and largely self-educated, Richmond initially entered charity work as a means of self-support, but came to play a vital role in transforming philanthropy--previously seen as a voluntary expression of individual altruism--into a valid, organized profession. Her career took her from charity organization leadership in Baltimore and Philadelphia to an executive position with the prestigious Russell Sage Foundation in New York City. Richmond's progressive civic philosophy of social work was largely informed by the social gospel movement. She strove to find practical applications of the teachings of Christianity in response to the social problems that accompanied rapid industrialization, urbanization, and poverty. At the same time, her tireless efforts and personal example as a woman created an appealing, if ambiguous, path for other professional women. A century later her legacy continues to echo in social work and welfare reform.

**UGC-NET (Paper-I) Previous Years' Papers (Solved)** Rph Editorial Board 2020-10 This immensely valuable book of Solved Previous
